

Department of Defense
Fiscal Year (FY) 2015 IT President's Budget Report
Section 332 Report (April 2014)

Report on Defense Business System Modernization
FY 2005 National Defense Authorization Act, Section 332

Introduction

This report fulfills the requirement of 10 USC 131, Section 2222, "Defense business systems: Architecture, Accountability, and Modernization," subsection (h), "Budget Information," of each defense business system program for which funding is proposed in the FY 2015 IT budget.

The DoD's IT Investment Portal (DITIP), Select Native Programming Data System for Information Technology (SNaP-IT), Defense IT Portfolio Registry (DITPR), and Defense Business Systems Management Committee (DBSMC) certification data was used as the basis for reporting the information required under subsection (h). SNaP-IT is also the same application that collects and assembles the information required in support of the IT budget request submitted to Congress under section 1105 or title 31, for fiscal year 2015.

Section 332 defines Defense Business Systems in a slightly broader context than does the Department of Defense (DoD). Section 332 definition includes "IT and IA Infrastructure used to support business activities" while DoD categorizes both Infrastructure and IA as separate investment types. Within the DoD, the Global Information Grid Enterprise Information Environment Mission Area (EIEMA) supports both warfighting and business systems and is not readily severable into business vs. warfighting infrastructure; similarly IA initiatives and investments in the EIEMA (such as Public Key Infrastructure) support both warfighting and business domains. Hence, the DoD definition of "Business Applications" is the basis for reporting the "Defense Business Systems" as defined in section 332.

Sources:

- DoD IT Investment Portal (DITIP) as of March 1, 2014
- FY 2105 President's Budget Request for Information Technology (April 2014)
- DoD IT Portfolio Registry (DITPR) as of March 1, 2014
- Defense Business Systems Management Committee (DBSMC) FY 2014 certification data as of March 1, 2014

Note:

Report displays Defense Business Systems (DBS) investments with DBSMC Certifications. Resource amounts are from the DoD IT budget submission and do not represent amounts certified.
